

Bassoon Reed Purchase Information

I ask all of my bassoon students to purchase their reeds from Dr. Ronald Waln with whom I studied at the University of Georgia. He is now retired, but has an office still in the music department, and he has plenty of time to make reeds! You can email him to place an order, and he will mail them to you shortly! I believe he charges \$10.50 per reed plus postage. I recommend that you purchase 6 reeds and a bassoon reed case that will hold 6 reeds. If the student rotates the 6 reeds daily, the reeds will last a MUCH longer time than if one reed is played weeks in a row.
